

## This is how we keep **SAFE** online:

1. We only use the devices we are **ALLOWED** to
2. We **CHECK** before using new sites, games or apps
3. We **ASK** for help if we are stuck
4. We **THINK** before we click
5. We **KNOW** people online aren't always who they say
6. We don't keep **SECRETS** just because someone asks us to
7. We don't change **CLOTHES** in front of a camera
8. We are **RESPONSIBLE** so never share private information
9. We are **KIND** and polite to everyone
10. We **TELL** a trusted adult if we are worried, scared or just not sure
